Intelligent critics reflect with surprise that they once scoffed at a "wine without alcohol," and now cheerfully endorse the inventor's prospectus. PURSUANT to Act XXVIII of 1866 of the Legislative Council of India, entitled "The Trustees' and Mortgagees'

COMMERCIAL INTELLIGENCE

THURSDAY EVENING, DEC. 7.

BUSINESS in every branch has ruled very quiet this week. Of Cotton, the receipts from up-country are as yet very small, and other articles of export are checked materially by adverse advices from home and hardening freights. Sterling Exchange is giving way daily, and while doing little to foster Exports is exercising a restrictive effect on Imports for which the demand latterly has been extremely sluggish. Money is nominally dearer, but the demand for accommodation is not large; Government Paper is quiet; Shares dull.

MONEY.—The last return of the Bank of Bombay for the week ending on Saturday showed a reduction of 29 lacs in the Cash Balance, and as was generally anticipated, the Directors increased their rates of interest and discount yesterday 1 per cent. all round. This makes the official minimum for loans on Government Paper 5 per cent. per annum, but at this level the demand is slight, nor do we see any prospect of a material increase this side of the new year. The exchange banks are all well supplied with funds, as also is the bazaar, and there is no speculation current to supply the place of legitimate business. The fact is that but for the action of Government in reducing their Cash Balances lower with the Bank to the lowest possible limit, the Bank would not require to put their charges at anything like the present level. The object in view, no doubt, is to affect exchange, and thereby improve the price obtainable for Council drafts, but if so, the Government policy has been productive of no result, the present position of Silver overshadowing all such minor influences.

EXCHANGE.—For a few days after the departure of last mail sterling showed a somewhat steadier feeling, and up to Monday 1s. 7 9-16d. for demand Bank and 1s. 7 13-16d. for 3 months' sight Credit Bills were the ruling rates. On Tuesday, however, the banks showed rathermore willingness to buy at a reduction of 1-32d. and yesterday they reduced their selling rates to the same extent. This morning brought us advice from London that the 35 lacs of Council drafts had been allowed to go at 1s. 7 7-16d. and the tone of the market since has been weak in the extreme, with a drop of 3-32d. all round, the following being closing quotations for ready bills :—

Bank Bills on demand	.. 1s. 7 13-32d.	per rupee.
Do. Telegraphic	.. 1s. 7 11-32d.	"
Do. 3 months' sight	.. 1s. 7 17-32d.	"
Credits, 3	" .. 1s. 7 21-32d.	"
Docum'ts 3	" .. 1s. 7 11-16d.	"
Francs, 3	" .. 79¾	"

For future delivery the Banks have practically withdrawn as sellers, and up to April would be willing buyers on very slight advance on ready rates, but merchants are equally indifferent about anticipating their requirements, and very little is consequently being done. The fact is that the whole question is involved in so much uncertainty that no one feels disposed to put their hand out further than they can draw it back, and the general impression appears to be that 1s. 7d. is now quite as much a probability as 1s. 7½d. was a short time ago. The main influence towards the decline has of course been the unbusiness-like way in which those in authority have manipulated Council drawings for the past five months. So far back as the middle of June we pointed out that the exchangeable value of the Rupee was more like 1s. 7½d. than 1s. 8d., and, that in endeavouring to obtain over the latter figure they were laying up for themselves a state of things which they evidently had no conception of. The result has even gone beyond what we indicated, as after getting only 1s. 7 7-16d. for 35 lacs yesterday, they are compelled to advertise the increased amount of 40 lacs for next week's biddings, showing that they are forced to sell at the market rate whatever it may be. That this will yet be something under the present level seems almost a certainty, as latterly the position of Silver of itself has assumed a much more hopeless aspect than formerly. The abolition of the duty on exports of the article from Maxico has had the effect of bringing forward not only increased supplies to Europe, but also of diverting large sums towards China and Japan by way of San Francisco. Further we hear of the movement to restrict the coinage of Silver in the United States, which is an adverse feature of great significance, so that altogether we question whether even in the Silver crisis of six years ago the position looked less hopeful. Of course in such a state of things the outlook is generally at its worst before a reaction, and it may be that we are now not far off the bottom. With the exception, however, of the beneficial effect which increased export trade may be expected to exercise in the course of another month or two, it is difficult at the moment to see where a favourable influence is to come from, and under the circumstances any attempt to foresee the turning point would be mere guesswork.

On Calcutta the rate for demand bills has recovered to 3-16 per cent. premium, whilst 60 days' sight drafts have receded to ¼ per cent. discount.

GOVERNMENT PAPER.—The closing quotation for Fours last mail was Rs. 99¾, but in the early part of this week a fair demand prevailed and par was touched. Within the past two days, however, the tendency has again been easier, and we close at Rs. 99¾. Fours-and-a-half under the influence of a smart decline in London have receded from Rs. 106¼ to Rs. 105¾, and even at that are not firm.

SHARES.—The market has been somewhat irregular, but the average tone has been downwards. In *Banks* we quote a decline of Rs. 5 in Bank of Bombays which now stand at Rs. 781½, and in Agras of Rs. 2 to Rs. 130. Nationals are unchanged at Rs. 97. *Press* Companies have been rather an exception to the general rule, the favourable reports of the Cotton crop giving every hope of a profitable season. Colabas are Rs. 30 lower, but on the other hand we quote a rise of Rs. 5 in Broach Cotton Company, New Indian, and Prince of Wales, Rs. 10 in Albert and Berar, Rs. 15 in East India, Rs. 20 in Sind and Punjab, and Rs. 25 in Fort and French Press. *Spinning and Weaving Mill* Companies are out of favour at the moment, the position presenting no points attractively full prices for Cotton and dull markets for Goods and Yarns. Khandeish have declined Rs. 25, Dhurrumseys Rs. 22½, Cooria Rs. 20, and with few exceptions other Companies Rs. 5 to Rs. 10 per share. Amongst *Miscellaneous* Companies we note an advance of Rs. 20 in Bombay-Burmah Trading and Treacher and Co., Limited, Rs. 15 in Bombay Saw Mills, and Rs. 50 in Prince of Wales Fire Insurance. Soundy and Co., Limited, are Rs. 4 lower at Rs. 112, Telephone Co. easier at 10 per cent. discount.

PIECE-GOODS.—The enquiry in the bazaar latterly has been a shade less active owing to unfavourable advices from some of the leading interior markets, and the clearances of all descriptions during the week are not estimated at more than about 2,400 packages. From first hands the business done has been still more restricted, as not only are dealers chary about operating in the existing state of the local demand, but the rapid fall in exchange prevents anything like current limits going through. With the exception of some few descriptions of White Goods supplies are generally heavy, but dealers do not force sales unnecessarily, and prices therefore have not given way to any quotable extent. Of local-made goods the sales this week have been about 1,400 packages at slightly lower rates.

TWIST.—English Yarns are pretty much in the same position as goods. On the spot prices do not give way, prices not being greatly in excess of requirements, but there is very little doing to arrive prices in Manchester at the present level of exchance being higher than buyers will pay. Of local Yarns about 1,000 bales have changed hands at a decline of 1-16 to ⅛ anna per lb. Shipments to China are going forward very freely on account of the mills.

METALS.—*Copper* is As. 8 per cwt. lower, and at that meets but a small demand both on the spot and to arrive. *Yellow Metal* is also dull at a similar decline. *Iron* is unchanged in value and inactive.

COALS have been somewhat steadier lately with less pressure to sell distant shipments. Since last mail sales are reported of a part cargo of Davison's West Hartley, Dec.-Jan. shipment, at Rs. 16, a sailing ship cargo about due at Rs. 16-6, and a cargo of Nixon's Navigation Cardiff at Rs. 17½ per ton alongside, January shipment.

COTTON.—The reports of the home markets have been uniformly dull in tone, and we have accordingly remained flat and inactive here with gradually weakening prices, until at the close we quote a fall of Rs. 3 per candy. The purchases for export during the week have been about 7,000 bales, comprising :—

New Good Bengals	Dec. delivery at	Rs. 147	to Rs.	145
" " Omras	" do.	" 192	"	190

" Do. Dhollera	April, do.	" 185	"	183
" Fine do.	do. do.	" 195		

Of Omras the arrivals keep on a very limited scale, the rains of ten days ago having delayed supplies coming into the up-country markets, and it seems evident that it will be the end of the year before receipts reach any extent. It is satisfactory to learn, however, that even the first picking has sustained every slight damage, whilst the second picking will be distinctly improved. The later crops such as Broach and Dhollera have also been benefited by the rainfall, and, although likely to be slightly later than at first appeared probable, will be all the larger. Broach will begin to come in about January, and the earlier kinds of Dhollera in March.

The movements of Cotton to date show the following comparisons with the tw previous seasons :—

" " Dhollera	" ...	" 184—4 11/16d.
" " Bengal, Dec.	" ...	" 146—3 23/32d.

SEEDS.—*Linseed* is arriving freely, and a steady business is passing notwithstanding dull advices from home at Rs. 5-6½ per cwt. New Crop reports are good and buyers now seem less inclined to contract forward. *Rapeseed* is nominal at Rs. 7-10 for ready Guzerat and Rs. 6-10 to Rs. 6-12 for New Crop, April-May delivery. *Gingelly* has not benefited by the rains, and is not arriving very freely as yet. Prices have hardened latterly, and we now quote White at Rs. 36 to Rs. 36½, Mixed at Rs. 35 to Rs. 36½, Red Rs. 32 to Rs. 33 per candy.

WHEAT is coming to hand in large quantities, and is being shipped pretty freely notwithstanding adverse advices from home. In the face of hardening freights prices keep up very firmly, and we still call No. 1 Soft White Rs. 31½, No. 2 Soft White Rs. 30 to Rs. 31, Soft Red Rs. 27½ to Rs. 28 per candy. The new crops are well spoken in nearly all the districts on this side.

ay of the wife of the hero of the play, the

o preachers, the repentance of the hero,
ance of a hermit on the top of a hill, the
ient between Vice and Virtue, the reconcilia-
tion between the hero and his family, and the practical exposition of the New Dispensation, were all produced on the stage with great effect. All the *dramatis personæ* performed their parts admirably, and although the performance was somewhat long, extending over more than four hours, the interest did not flag for a single moment. Although the object of the drama is the inculcation of the New Dispensation, it makes a strong appeal to the heart of the true Hindu—in fact, its success is greatly due to the spirit of the Hindu religion, which it has followed so largely." The *Patriot* makes two suggestions; if the length of the drama were curtailed within reasonable limits, and if there be not so much weeping, it would be still more effective. The performance was wound up by the singing of Raja Showrendra Mohun Tagore's Bengali version of the National Anthem, which "had a pleasing effect."

ABOUT twenty newspapers are to be started in the French provinces advocating the claims of Prince Napoleon to the Imperial throne of France. It is said that Prince Napoleon will take up the Socialist case as a platform. The Imperial party has been divided between Prince Napoleon and his son Victor, whom the Prince Imperial named as his successor; but the tendency now is to place the claims of the father first.

THE *Evening News* gives a telegram describing a meeting held at Bradford on 7th November to support the lady candidates for the School Board. The chairman, who was about 23, had much difficulty in keeping order, as throughout the evening many ladies in the body of the hall persisted in arguing irrelevant questions, such as female Parliamentary franchise. The majority of the speakers were young men, who were taunted by one young lady with their juvenility. Mr. Braithwaite, a schoolmaster, whose wife was proposed as a candidate, strongly objected to her accepting that position. Amidst great uproar and laughter, however, the chairman disputed Mr. Braithwaite's right to control his wife in the matter, as she had that afternoon told him (the chairman) she would stand. Resolutions in favour of the candidates were lost; but the chairman declared them carried. The meeting broke up in disorder, several ladies addressing the assembly at the same time amid cries of "Chuck the men out!"

At the Seine Assizes recently a remarkable case of embezzlement was tried. The prosecutor was Dr. Evans, the American dentist of the Avenue de l'Opéra; and the prisoner was William Williamson, his late clerk and cashier. Williamson has been in the doctor's service for the last ten years, during which time he has, according to his own admission, appropriated 300,000 fr., and according to his employer no less than 1,000,000 fr., from the fees paid by Dr. Evans's patients. "How much then, sir, do you earn per annum, if you have been robbed at such a rate without discovering it for ten years?" the prisoner's counsel asked. "Your question," Dr. Evans replied, "is hardly fair; but I have no objection to say that my income is large enough to prevent my missing the loss of 100,000 fr. a year." Williamson, it is stated, has lived on an extravagant scale for years, and there was therefore no excuse for Dr. Evans remaining so long ignorant of his dishonesty. Taking this view, the jury accompanied their verdict of Guilty with extenuating circumstances, and the sentence passed was three years' imprisonment only.

MILITARY NEWS.

MR. F. T. HALL, Postal Department, Poona, has been elected Lieutenant in G. Company, Bombay Volunteer Rifles, *vice* W. W. Burn, resigned.

THE head-quarters of the 24th Regt. N. I. left Rindli by rail on the 3rd instant for Kurrachee, where the regiment will embark on the 1st January for Vingorla, and march thence to Belgaum in relief of the 3rd Regiment N. L. I., proceeding to the Quetta District.

IT is reported that the European Mountain Battery, No. 9 of the 1st Brigade Cinque Ports Division, is likely erelong to be quartered at Mount Aboo instead of Khandalla, on account of the latter station being almost uninhabitable during the monsoon.

MAJOR H. F. H. SEWELL, Wing Commander, 5th Hyderabad Infantry, has been appointed to officiate as Commandant, *vice* Col. C. V. Conway Gordon, on furlough.

A PROPOSAL is said to be at present under consideration, for the instruction of British Infantry in heavy rifle-gun drill instead of in smooth-bore heavy ordnance drill.

THE Bombay Government are reported to have issued orders for the immediate excision of the civil portion of the Army List of that Presidency, whereby the price of the work will probably be reduced from Rs. 3 to Rs. 2.

A QUESTION having arisen as to whether Staff Paymasters, promoted in consequence of vacancies occurring on the Home establishment, should be admitted to the pay and allowances of that rank from the dates of the promotions in the *London Gazette*, or only from the dates on which they are announced in this country, it has been decided that, so long as such officers are retained in India under the terms of the Royal Warrant, and of G.G.O. No. 1084 of 1878, they are entitled to the higher rates of pay from date of appointment. It is stated, however, that was not the intention of H. M.'s Government to retain Staff Paymasters in India; and we understand that the Secretary of State has been requested to order their withdrawal from the Indian establishment.

A HOME military correspondent writes to a contemporary by the last mail received:—Colonel Jones, who commanded the Marines in Egypt, is still lying in a critical state, suffering from typhoid fever, and not he only but the following officers of the Royal Marine Artillery, also just returned from Egypt, are down with the same fever, namely, Major Everette, Captain (Krapp) Tucker, and Lieutenants Marshall and Grant.

THE proceedings and result of the committee appointed to settle the accounts of the late 3rd Sind Horse are thus described by the *Pioneer*. "During the progress of field operations the cash and store accounts necessarily suffered, in the presence of more pressing exigencies, and, in common with all corps similarly situated, it was manifestly impossible for the responsible officers to maintain anything like a methodical system in keeping up the various regimental books, or to bestow that supervision upon them which in time of peace would follow in the ordinary and simple routine of daily duty. These insurmountable difficulties reached their culminating point in the disastrous affair of Maiwand, when the cash, stores, and records of the regiment were irretrievably lost. In winding up the financial responsibilities of the corps, the officers of the Military Accounts Department in Bombay, after a long and somewhat tedious examination of the papers laid before them, were of opinion that the regimental accounts showed a deficit of some Rs. 34,000; but at the same time, they appear to have frankly admitted their inability to master the hypothetical intricacies which the case presented. A committee of experienced officers (one of the members being an officer of the department) was thereupon convened under the orders of the Commander-in-Chief of the Bombay Army, with the view of investigating the various accounts item by item. The proceedings of this committee have lately been submitted to the Bombay Government, who, we understand, after a minute scrutiny of all the details, have fully recognized the extremely onerous position of the regiment during the past three years, as well as the many serious difficulties with which it had to contend during aprotracted campaign, in which it served from first to last. The result arrived at by the Government is that the commanding officer is responsible for Rs. 9,324, inclusive of a sum of Rs. 8,000 which should have been recovered from the Sillidars; he has therefore incurred doubtful whether the latter amount ought to be made good by the Commandant, the actual deficit will most likely be reduced to some Rs. 1,200."

OBITUARY.—We regret to have to record yet another death among the esteemed residents at Ootacamund, so many of whom have this year been taken from us. Mrs. Louisa Russell died at his residence, Kelso House, on Sunday night last, at the age of sixty-six. General Russell's last appointment in the Army was that of Paymaster of Pensions, Madras, which he resigned a few years ago on retiring from the Army, and has since then been a resident of Ootacamund, excepting a few months absence, when he and Mrs. Russell went to England; they returned to this country in December last year, and since that time, up to the day of his death, General Russell had been a great invalid, and at times a great sufferer. Mrs. Russell and her family have the sincere sympathy of a large circle of friends in Ootacamund.—*South of India Observer.*

THE GAIETY THEATRE.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—We have had numerous complaints this morning from purchasers of seats for the Gaiety Theatre finding the same numbers sold more than once. In explanation, we beg to say the fault does not rest with us, but with the management, as we find now that Mr. Bandmann has had two or three agents selling numbered tickets outside, and also at the Theatre during the day, as well as at our establishment. The great confusion last night was due to no fault of ours, and to prevent any misunderstanding for the future, we have intimated to Mr. Bandmann that we shall not sell tickets after to-day.—Yours, &c.,

THE EUROPEAN GENERAL HOSPITAL.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—The publication of "Yarrum's" letter in your issue of to-day, subsequent to your own article in reference to my letter anent this hospital, makes me venture to address you once again, as it is generally thought that the action of the doctors is altogether unnecessary and most arbitrary. I trust, therefore, you will not refuse me a little space in your paper. Your article savoured so very much of having been written on behalf of one endeavouring to justify his conduct in the eyes of the public; the arguments used are utterly fallacious, and most certainly add insult to the injury already done to the public. It is alleged that the recent alteration in the visiting hours has been made in consequence of visitors at the hospital converting it into a Temple Bar or lounging room, where a couple of hours could be spent in smoking and card-playing, and thus in a measure impeding the indoor work of the hospital. I have had lately rather frequently to visit at the hospital, and I most readily add my testimony to that of "Yarrum," and say that I have never seen any want of decency shown on the part of the visitors whilst the doctors have been going the round of the patients; on the contrary, I have seen visitors leave the ward as soon as it was announced that the doctor was coming. Considering that this hospital has been in existence for a very great number of years, does it not, Sir, strike you as strange that none of the many doctors who have had charge of it previous to the present "genial-faced" doctor found it necessary to abolish the morning visiting hours on the grounds stated? In former times the doctors were at the hospital by 7 a.m., and had all the indoor work finished by 9 o'clock, and were at that hour free to attend outdoor patients. Now, it is a well-known fact that out-door patients have had to wait till quite midday before they could be attended to. Why is this the case? Is it because the indoor work has increased? The public have been graciously informed that the number of out-door patients has considerably increased during the present régime. This speaks well for the abilities of the present doctors. Perhaps we shall next be told what the death-rate indoors has been.

THE FATAL ASSAULT ON A EUROPEAN POLICE OFFICER.

YESTERDAY at the Fort Police Court, before Mr W. Webb, Acting Chief Presidency Magistrate George Peters and William Toft, seamen, were brought up on remand, charged with voluntarily causing grievous hurt to the late William Whitten on the 12th ultimo, while in the discharge of his duty as an inspector of police.

Mr. H. Cleveland, Public Prosecutor, appeared to conduct the case for the prosecution.

Mr. Cleveland said it appeared from the evidence adduced before the Coroner in this matter that the man Toft had inflicted on the deceased, Mr. Whitten, the blows with his clenched fist, one on his right side and one on his right temple; when Whitten was down, immediately after he was kicked by the prisoner Peters. Consequently Toft was charge-d along with Peters.

Several witnesses were then examined, their evidence being materially the same as that given before the Coroner, and already published. The case was adjourned for further hearing.

HIGH COURT.—DEC. 7.

(Before the Hon'ble Mr. Justice BAYLEY.)

A QUESTION AS TO COSTS.

MUNGULDAS CAWNDAS *vs.* PREMCHUND ROYCHUND AND OTHERS.

THE Hon'ble Mr. Budroodin, instructed by Messrs. Ardasir and Hormusjee, for Nurrotumdas Cawndas, one of the defendants, moved for a rule *nisi* calling upon the other parties to the suit to show cause why the order of 19th September, 1882, should not be set aside, or why the costs of Nurrotumdas Cawndas of and incidental to his appearance on the notices of motion of 5th and 16th September, 1880, respectively, and of the 20th April, 1882, should not be provided for. The learned counsel read an affidavit by the applicant, setting forth the previous proceedings and the circumstances under which the orders in question were made. In 1871 the suit was filed by Navivahoo, the applicant's step-mother, for having a proper sum fixed for the maintenance of herself and her children, and for the education of the latter. A sum of Rs. 600 per month was awarded to her, but it was subsequently reduced to Rs. 500. The applicant afterwards found that the order was obtained by fraud, and Navivahoo never applied the moneys to the purpose for which they were awarded. A notice was then served upon her to account for the moneys received by her. The last order for costs was obtained in his absence, and in the absence of his solicitors, on the 19th September last. His solicitors were absent because no notice had been given them, and because it was the Parsee new year's day, a recognised holiday.

His lordship granted a rule *nisi* as applied for.

(Before the Hon'ble Mr. Justice WEST.)

THE DISPUTE BETWEEN NEAR RELATIONS.

DOSIBAI AND ANOTHER *vs.* HEERJEEBHOY HORMUSJEE SHROFF.

THE Hon'ble Mr. Budroodin, instructed by Messrs. Muljee and Bomonjee, for the defendant, appeared in support of a rule *nisi* for a review of judgment granted by his lordship on the 10th October last. Mr. Lang, instructed by Messrs. Payne and Gilbert appeared for the plaintiffs to show cause against the rule.

The defendant, in his affidavit in support of the rule, stated that the suit was filed against him to recover from him pearls weighing 350 *chowns*, alleged to have been deposited with him for sale, or Rs. 8,750, the value of the pearls. In his written statement, defendant denied the receipt of the pearls, and stated that he had no recollection of having written a letter of 3rd October, 1878, which was annexed to the plaint. During the progress of the suit he frequently declared before his then solicitors, Messrs. Jefferson, Bhaishunker, and Dinshaw, that four of the letters put in by the plaintiffs were not in his handwriting, and were forged; but his solicitors, as well as his counsel, Mr. Latham and Mr. Inverarity, required him to adduce strong proofs in support of his assertion. As the whole contest was about the genuineness of, and the dexterity and skill displayed in imitating his handwriting were great, defendant was unable at the time to produce any satisfactory evidence of the forgery. Accordingly on the 21st February, 1882, his counsel, Mr. Latham, mentioned to the court that he was unable to produce decisive evidence as to the writing of the letters, and a decree for Rs. 7,700 was passed against him, with costs. In the beginning of March, 1882, Bapoojee Dhunjeebhoy was arrested on a charge of forging documents in defendant's handwriting, and was tried and sentenced in the middle of April last to three years' rigorous imprisonment. It was during that trial that defendant came to know that the convict was able to forge his handwriting letter by letter; and from that time took steps to gather evidence and caused a committee of lawyers to be appointed, consisting of Mr. J. Flynn, Mr. G. W. Terry, and Mr. Bapoojee Dinanath, interpreter Small Cause Court. Defendant submitted the four alleged forged letters to the lawyers by them and comparison with other documents; and they accordingly made their reports, each one separately. Several disclosures were made at the hearing of the case of Dorabjee Hormusjee Shroff against Dosabhoy Framjee and others, and Bapoojee Dhunjeebhoy deposed that he forged several letters in the present defendant's handwriting at the instigation of Dorabjee Hormusjee Shroff; and Dosabhoy Framjee deposed that he knew that the present suit was falsely got up.

The plaintiffs, in their affidavit, said among other things that the three letters annexed to the written statement of the defendant in this suit were forgeries, and were not produced by him at the hearing. Defendant had advertised in the newspapers an alleged loss of documents, but the plaintiffs believed it was a mere sham and a device to give a show of reason for not relying upon his defence at the hearing. After the plaintiffs' case had been closed for some length, the defendants' counsel intimated to the court that the plaintiffs' case depended very much on the documents produced by them; and that the defendant was unable to produce evidence sufficient to satisfy the court that the documents were forgeries; and that he would therefore submit to a decree going against him. In the course of the cross-examination of Dosibai, the defendants' counsel put into her hands a letter, dated the 18th October, 1879, purporting to be written by her to the defendant, with an endorsement thereon in the alleged handwriting of her son Dadabhoy. Dosibai denied that the letter was written by her son, and the defendants failed to go into the witness-box to deny upon oath that he had never received the pearls, or to swear that he had returned all the pearls he received. He did not deny the genuineness of the documents the plaintiffs produced, nor did he swear to the genuineness of the letter of the 18th October, 1879, or account for the alleged loss of his documents. The defence made in this suit was as false as the claim for Rs. 10,000 put in by the defendant against the plaintiff Cowasjee. After the last-mentioned suit had proceeded eleven days in hearing, and while the defendant was in the witness-box, and his cross-examination had just begun, he, in order to avoid the risk of a criminal prosecution, begged and entreated Cowasjee to allow him to withdraw from the suit upon payment of his costs; and further, to consent to the rest of his paying the costs not being mentioned to the court on the decree, as such a thing would, he said, if made public, ruin his reputation for ever. The plaintiff reluctantly consented to this arrangement, and agreed to take the undertaking of defendant's attorney for payment of the costs. The reports of the experts put in in this suit were in a great measure, if not altogether, influenced by the remarks which fell from his lordship in the suit of Dorabjee Hormusjee Shroff *vs.* Dosibai. The plaintiffs averred that the documents produced by them in this suit were genuine, and that they had allowed them to remain with the Prothonotary as long as they were wanted for the purposes of justice.

His lordship, in disposing of the rule, remarked that a case could not be re-opened merely because an expert had become more expert on alleged forgeries, and more proficient; and if the court were to receive evidence of this k

PROVISION BY MEANS OF
Life Assurance.
THE preference shown by the Assuring Public last year in selecting the Standard Life Office for Assurances amounting to upwards of £1,400,000, a sum which considerably exceeds the new business of any of the Scottish Life Offices, may probably be attributed in a great measure:—
1. To the magnitude of the Company's Funds and the select nature of the investments.
2. To the steady and unfluctuating character of its annual results.
3. To the comprehensive and liberal conditions of STANDARD POLICIES and the Company's promptitude in the payment of claims.
4. To the old established and influential connections of the Company.
5. To the strict control exercised over its expenditure and general management.
Forms of proposal and prospectuses may be obtained on application.
